Subject: See picture and read Suicide Note of Austin Crash Pilot: George & Virginia High were also victims of the Racist IRS

Feb. 18, 2010 Austin Crash Pilot Called "Easy Going" (CBS/AP) The software engineer who plowed his small plane into an office building housing nearly 200 federal tax employees on Thursday was even-tempered and unflappable, one woman who knew him tells CBS News.

Austin Pilot Joe Stack Left Disturbing Online Manifesto 2/18/10 Suicide Note. If you've been following the news, you know that a [plane intentionally crashed](#) into an IRS building in Austin, Texas. While details surrounding this tragedy are still being discovered, it appears that the man who owned the plane, Joseph Andrew Stack, left an [online manifesto](#) detailing his decision. Stack also set his house on fire before crashing his plane. ... *"Well, Mr. Big Brother IRS man, let's try something different; take my pound of flesh and sleep well."*

Now I can certainly sympathize with Mr. Joseph Stack, as he had come to the end of his rope and he saw no way out and his dramatic demise is the exception, but as you will see, ours is the rule, but... we differed, as we tied a knot in our rope and is "still holding on." My wife and I spent over 7 years in prison but Suicide was never an option with me and if she ever thought about it, she never told me...My wife and I were victims of that same "frontier justice", by the IRS, but in our cases it was dispensed by groups of white vigilantes, aka KKK who were directly responsible for us losing 4 Businesses and over 4 millions in "92" dollars. See page titled Disfranchised on my website www.georgehigh.com and read how the all of the government agents and the 18 snitchers testi-lied at trial.

Virginia and George High spent over 7 years in federal prison (94-2001), after being Framed, Wrongly Convicted, The victims of Prosecutorial misconduct and of a judicial lynching, because they would not "cut-a-deal". After which *the U.S.A. stole 1.2 + million from the Highs, gave it to a white snitch and caused the High Family to lose 4 businesses and 4 + million in assets.* George High is now 70 years old, nearly destitute and living in a low-income senior Citizens Building and pay \$198.00 monthly and his total income is \$615.00 monthly Social Security and \$79.00 monthly SSI...but, George High affirm that: **He will continue this fight until Justice prevail, or hell freeze over...which ever comes first.....**

The Only known case of a husband and wife being jointly framed and wrongly convicted

The 4 Businesses We Owned/Operated & Our 4 + Million in Assets

George and Virginia High are husband and wife, having been married since 1968. When this racist investigation began in 1990, the Highs had assets in excess of 4 million dollars, and had an ownership interest in Georgia Home Improvement Company Inc.,

High-Five Ltd., Shareholders in Bal, Inc. and owner/operators of Highs Realty Inc. in which George Sr. was Broker and Virginia, Eric and George W. High, Jr. along with 30+ other people were all licensed real estate agents. The second superseding indictment against the Highs alleged that they used these businesses as "fronts" to structure currency transactions and laundry money that was illegally obtained through the trafficking of narcotics. George and Virginia High pled not guilty to the indictment and have maintained their innocence throughout the trial and subsequent proceedings. **Disfranchised Introduction:**

Georgia Home Improvement Company, Inc.

<http://corp.sos.state.ga.us/corp/soskb/Corp.asp?609545> ...The total cost of the restoration exceeded \$850,000.00 and Georgia Home Improvement netted almost \$500,000.00 during 80 and 81 + we made a "bundle" from real estate during that same period...After we finished the Herndon Mansion, we had a big nest egg and we started to sell houses and do owner financing which proved to be very lucrative because most of the houses in our area were non qualifying and non escalating FHA and/or VA ... excerpts from Disfranchised pg. 23-33

Highs Realty Inc. <http://corp.sos.state.ga.us/corp/soskb/Corp.asp?794493> & **The High-Family Real Estate...1971 – 1994** This list is of the properties that we owned, held 1st & 2nd mortgages on, sold Owner-financing, Real estate Notes we held and etc. On this list is also about 60 Quadplex, 40 owned by High-Five, Ltd. and 20 owned by George High. Now Bill Salinski and the "good-old-boys and gals" stole all our Real Estate and other Business records during the unjust search and seizure at our home and office so that the Highs could not mount a effective defense to prove their innocence of the "trumped-up-charges... but the records were still at the Dekalb and Fulton County Courthouses and here they are.... HIGH FIVE, Ltd. <http://corp.sos.state.ga.us/corp/soskb/Corp.asp?804829> The goal of the Lakewood Village Homeless Empowerment Project is to provide permanent housing, job training/referrals. education support and part time employment for Atlanta's homeless community; to serve as a social service network and referral system to provide treatment for drug/alcohol dependent and mentally ill homeless persons.

Bal, Inc. - Was a corporation owned/operated by Eric, George Jr. Gerald and Greg High, (all 1st cousins). They made loans, secured by automobiles and real estate, in the amounts of \$10,000 or less. Those records were also stolen by William Salinski and his cronies from the office and the apartment that Eric and Jenique High rented on the lower lever of our home.

The rule of Law in its most basic form is the principle that no one is above the law. Thomas Paine in his pamphlet - "Common Sense" (1776) stated: "For as in absolute governments, the King is Law, so in free countries the law ought to be the King, and there ought to be no other." The rule of law means that everyone is subject to the law; that no one, no matter how important or powerful, is above the law - not the President, not the Prime Minister. *If anyone were above the law, none of our liberties would be safe.*

<http://allafrica.com/stories/200811031131.html>

A Short History of Impeachment: High crimes and misdemeanors...Since 1797 the House of Representatives has impeached sixteen federal officials. These include two presidents, a cabinet member, a senator, a justice of the Supreme Court, and eleven federal judges. Of those, the Senate has convicted and removed seven, all of them judges. Not included in this list are the office holders who have resigned rather than face impeachment, *most notably, President Richard M. Nixon.*

The right to impeach public officials is secured by the [U.S. Constitution](#) in Article I, Sections 2 and 3, which discuss the procedure, and in Article II, Section 4, which indicates the grounds for impeachment: "the President, Vice President, and all civil officers of the United States shall be removed from office on impeachment for, and conviction of, treason, bribery, or other high crimes and misdemeanors." <http://www.infoplease.com/spot/impeach.html>

The record will clearly reflect, and I have proven beyond a reasonable doubt, that *from at least 1992, until this very day*, the Executive and Judicial branches of the United States of America and their surrogates has engaged in a "continued and on-going" pattern of Racketeering and has colluded amongst themselves to maintain a united front and stonewall all the efforts of George and Virginia High in their quest for Equal Protection and Due Process of Law... The

Highs have also been the victims of a government frame-up and racist conspiracy, the objective of which was to frame and imprison George and Virginia High because they would not "cut-a-deal"...

Under the circumstances, criminal and/or civil racketeering charges, or both, are legally justifiable and well within the statute of limitations against the named persons/entities who all had a part, directly or indirectly, in the "Racist Conspiracy, Framing and Wrongful Conviction" of George and Virginia High via the Investigation, the Indictment, the Trial, the Sentence, Incarceration and/or the Cover-up...

We have made our case of High Crimes and Misdemeanors against the 12 Judges and the Constitution “Demands” that they be impeached.

Malfeasance...intentionally doing something either legally or morally wrong which one had no right to do. It always involves dishonesty, illegality or knowingly exceeding authority for improper reasons. Malfeasance is distinguished from "**Misfeasance**," which is committing a wrong or error by mistake, negligence or inadvertence, but not by intentional wrongdoing.

Racketeering and RICO: RICO stands for the Racketeer Influenced and Corrupt Organizations Act ([18 U.S.C. § 1961](#)), a law that increases the severity of penalties for crimes performed in conjunction with organized crime. The law states that any person or group who commits any two out of a list of [35 crimes](#) (known as *racketeering activity* in the U.S. Code) within a decade and can be determined to have committed them with similar results or similar intentions can be charged with racketeering. ***The maximum penalties for racketeering include a fine of up to \$25,000 and up to 20 years in prison in addition to the forfeiture of all business interests and gains gleaned from the criminal activity. In addition, the case can be re-tried in civil court; plaintiffs are allowed to sue for triple damages.*** The law covers crimes such as bribery, extortion, money laundering, counterfeiting, gambling, murder, arson, robbery, kidnapping, harboring certain illegal aliens, obstruction of justice, slavery and others.
