

The United States Attorney's Office
Richard B. Russell Federal Building
Attn: Sally Quillian Yates

Re: George W, High, Sr. & Virginia C. High

Ms. Yates, after 22+ years, I will get right to the point and dispense with any/all formalities. On May 17, 2008 I forwarded a copy of a "Criminal Complaint" with related information to this office and to this day, has had no response. On August 31, 2009, I sent you, at the above address, a copy of that same Complaint and has had no response as of the above date. Now I can only assume, and rightly so that no one at the Richard Russell Federal Building has in fact read that document, or not in its entirety.

Ms Yates, I would like to draw y'all's attention to the last paragraph on the last page of that document titled ***Conclusion: What do we want?*** And I hope that we all will be governed accordingly and are able to come to a meeting of the minds, that being the case there will be no losers and only winners.

Now, everything relating to this case is on my website www.georgehigh.com & when I say everything, I mean "everything + much more.."

Sincerely, George W. High Sr.
